

FOOD BANK COUNCIL OF MICHIGAN

## Regional Food Donation Contacts

The Food Banks throughout Michigan have elaborate and well organized warehouse and distribution centers. The folks who coordinate these operations are as finely tuned as the human heart, taking in vital food resources and distributing them out to your community's local agencies. The operations staff are masters at food safety standards, perishable items, agency relations, record keeping and are able to do all of this with often times limited resources. **It is always a best practice in any well run Food & Fund Drive to coordinate ahead of time with your regional Food Bank staff member so that the Warehouse operations can appropriately plan for your successful Drive.** When contacting your local Food Bank, be prepared to:

- Share the estimated dates of your Drive.
- Provide your Food Bank contact with your name, phone number and email address.
- Have a central food collection site for pick up (if pick up is to be scheduled).
